WORK EXPERIENCE

Freelance Web Developer, Roswell, NM   2015 to present
Used modern web technologies to create creative websites for a few small businesses. I was tasked with the job of creating web applications from the beginning to the end of the development life-cycle. I have learned the in's-and-out's of front end web development.

Washington State Bar Association, Seattle, WA   2013 to 2013
Extern
Was mentored by a Senior Web developer and learned how an I.T. office runs and the daily roles of an I.T. team. I created a functioning web page that validated user input with JavaScript for a sign-up form.

Cited by mentor for my problem-solving skills and ability to pick up on new skills quickly.

EDUCATION

High School Diploma, Keystone National High School,   June 2015
3.8/4.0 GPA

TECHNICAL SKILLS

Languages: HTML, CSS, SASS/SCSS, JavaScript, jQuery, and C#.
MS Office Applications: Word, Excel, and PowerPoint.
Typing: 50 wpm with 90% accuracy.
Operating Systems: Windows 7, 8, and 10.
Social Media Experience: LinkedIn, Twitter, Facebook Reddit, Instagram.
